

Classic Monogrades

Mineral oil based monograde engine oils

Product code: Refer to table below

Product Description:

Classic monogrades are a range of oils suitable for diesel and petrol engines. The Classic monograde range of engine oils is manufactured from high quality base oils and carefully selected additives. They are blended to varying viscosities for a wide range of applications.

Benefits:

- Cost effective
- Suitable for mixed fleet viscosities
- Available in varying viscosities

Applications:

The Classic monograde range are suitable for normally aspirated diesel engines and petrol engines in passenger cars, light commercials, plant, compressor, industrial and certain hydraulic and transmission applications. Please check viscosity requirement. They are miscible with all synthetic and mineral based engine oils.
