Excelcut EP Liquid

High EP metalworking fluid

Product code: N107

Product Description:

Excelcut EP Liquid is a premium quality, liquid cutting lubricant. It is manufactured from very high levels of chlorinated and sulphurised EP additives, which promote excellent tool life and improved surface finish.

Benefits:

- High levels of EP additives
- Improves tool life
- Provides excellent surface finish

Application:

Excelcut EP Liquid is intended for use on medium and high tensile steels. It is particularly recommended for fine threads. It should be applied directly to the component and tap. It can be readily removed by Exol Delta Degreaser.

Typical Test Data:

Density @ 15.6°C	1.073
Kinematic Viscosity @ 40°C (cSt)	161.8
Flash Point COC (°C)	220
Appearance	Dark amber

Health & Safety:

Please refer to the safety data sheet, a copy of which is freely available to all of our customers.
