

Optima Marine 2 Stroke (Blue)

API TC-W3 quality two stroke oil

Product code: M298

Product Description:

Optima Marine 2 Stroke (Blue) is a premium quality, specially formulated, outboard two stroke oil. Optima Marine 2 Stroke (Blue) is manufactured from a special blend of highly refined mineral oils balanced proportionately with synthetic based ashless additives to provide superior protection and extend engine life. It exceeds the requirements of the widely quoted National Marine Manufacturers Association (NMMA) TC-W3 specification.

Benefits:

- Provides extended engine life through superior protection
- Non-toxic to marine life
- Reduces spark plug fouling
- Extends valve life by reducing exhaust port deposits

Applications:

Marine Two Stroke TC-W3 is suitable for the majority of water-cooled outboard two stroke engines. It is suitable for high output engines and smaller cylinder models.

Always refer to the manufacturer handbook for mixing ratios.

Product Specification:

NMMA	TC-W3
API	TD

Typical Characteristics:

Appearance	Dark blue
Specific Gravity @ 15.6°C	0.880
Kinematic Viscosity @ 100°C (cSt)	8.51
Flash Point (°C)	120

Health & Safety:

Please refer to the safety data sheet, a copy of which is freely available to all of our customers.
