

Optima 4T SS 10W-40

Semi-synthetic four-stroke motorcycle oil

Product code: M441

Product Description:

Optima 4T SS 10W-40 is a high performance four-stroke motorcycle lubricant formulated with top quality synthetic base stocks and highly refined mineral oil. It incorporates modern additive chemistry which provides maximum engine protection and high levels of component cleanliness. Optima 4T SS 10W-40 possesses outstanding anti-wear characteristics along with high levels of thermal stability and corrosion resistance. Its stay-in-grade properties ensure a highly durable lubricating oil film is maintained even after extended periods.

Benefits:

- Optimised viscosity grade for low and high temperature conditions
- Allows smooth gear change operation
- Low volatility greatly reduces oil consumption
- Excellent anti-wear protection
- Highly shear stable
- Outstanding thermal stability at elevated temperatures

Applications:

Optima 4T SS 10W-40 is recommended for a wide variety of four-stroke motorcycles including high powered models. It can be used where a 10W-40 viscosity grade and one of the following specifications is required.

Product Specification:

JASO	MA2, MA
API	SL

Typical Test Data:

Density @ 15°C	0.875
Kinematic Viscosity @ 100°C (cSt)	13.3
Kinematic Viscosity @ 40°C (cSt)	90.0
Viscosity Index	148
CCS @ -25°C (cP)	6490
Pour Point (°C)	-39

Health & Safety:

Please refer to the safety data sheet, a copy of which is freely available to all of our customers.
